B. Related Party Transactions

Teton has invested all of its cash equivalents in a money market mutual fund managed by Gabelli Funds, LLC, an affiliate. MANAGEMENT'S DISCUSSION OF OPERATIONS

The following discussion should be read in conjunction with the condensed financial statements and the notes thereto.

Operating Results for the Quarter Ended June 30, 2011 as Compared to the Quarter Ended June 30, 2010

Revenues

Total revenues were $2,483,062 in the second quarter of 2011, $1,071,401 or 75.9% higher than the total revenues of $1,411,661 in the second quarter of 2010. The change in total revenues by revenue component was as follows:

	For the Three Months ended June 30,		Increase (decrease)	
(unaudited)	2011	2010	$	%
Investment advisory fees	$ 2,331,475	$ 1,411,465	$ 920,010	65.2%
Distribution Fees	151,508	-	151,508	n/m
Other income	79	196	(117)	n/m
Total revenues	$ 2,483,062	$ 1,411,661	$ 1,071,401	75.9%

Investment Advisory Fees: Investment advisory fees are directly influenced by the level and mix of assets under management ("AUM"). Teton earns advisory fees based on the average AUM in the Funds and the AUM at the beginning of the quarter for the separate accounts. Investment advisory fees were $2,331,475 for the period ended June 30, 2011 compared to $1,411,465 for the period ended June 30, 2010, an increase of $920,010, or 65.2%.

AUM increased to $1,009.3 million at June 30, 2011 from $983.1 million at March 31, 2011. This increase was due to inflows of $112.1 million, offset partially by outflows of $66.1 million and market depreciation of $19.8 million. Average AUM were $991.2 million for the second quarter 2011, an increase of 60.8% from $616.6 million in the second quarter 2010.

AUM decreased to $580.4 million at June 30, 2010 from $609.3 million at March 31, 2010. This decrease was due to market depreciation of $48.2 million and outflows of $52.3 million, offset partially by inflows of $71.6 million.

Distribution fees: Effective October 1, 2010, Teton began paying for the advanced commissions on Class C shares sold through Gabelli & Company. In turn, Teton earns a distribution fee on these Class C shares of Funds sold over the first twelve months after the sale. Distribution fees for the second quarter of 2011 were $151,508.

Other income: Other income includes interest income earned from cash equivalents that were invested in a money market mutual fund managed by Gabelli Funds, LLC, a subsidiary of GAMCO. Other income for the second quarter of 2011 for interest earned from cash equivalents was $79, slightly lower than the $196 for 2010 due to lower interest rates in 2011 versus 2010.

Expenses

Sub-advisory Fees: Teton has currently retained a sub-adviser for three of the six Funds. Sub-advisory fees, which are 35% of the net investment advisory revenues of the sub-advised funds and are recognized as expenses as the related services are performed, were $134,019 for the second quarter of 2011, decreasing from $146,806 in the comparable prior year period. This decrease was primarily due to the 9.3% decline in investment advisory revenue from the three sub-advised Funds.

Administrative Fees: Administrative expenses, which are charges from GAMCO and paid by Teton for administration of the Fund activities performed by GAMCO on behalf of Teton, were $365,697 for the three months ended June 30, 2011, a 23.7% increase from $295,531 in the comparable prior year period. Effective January 1, 2011, the Company and GAMCO renegotiated the sub-administration contract to be based on a tiered formula as opposed to a fixed rate. Based on the tiered formula administration fees were approximately 12.6 basis points of the average AUM for the second quarter 2011 versus 20 basis points of the average AUM for the second quarter 2010. As AUM grow these fees will decline as a percentage of the average AUM.

Compensation: Compensation costs, which include stock based compensation, salaries and portfolio manager compensation, was $676,042 for the second quarter of 2011, a 45.5% increase from $464,743 in the year ago period. Stock based compensation was $41,595 in both the second quarter of 2011 and 2010. Fixed compensation costs decreased to $155,996 for the second quarter of 2011 from $193,774 in the prior year period. The remainder of the compensation expenses represents variable portfolio manager compensation that fluctuates with net investment advisory revenues, which is defined as advisory fees less certain expenses. For the 2011 period, portfolio manager compensation was $478,451, an increase of $249,077 from the $229,374 in the prior year period. The primary driver of this increase was an increase in average AUM, which generates investment advisory fees, for the Funds in which portfolio manager compensation is based.

Distribution costs and expense reimbursements: Distribution costs, which are principally related to the sale of shares of open-end mutual funds, and expense reimbursements were $285,505 for the second quarter of 2011, increasing $43,399 from $242,106 in the prior year period.

Distribution costs are broken down into two categories, payments made to third party distributors for Funds sold through them, including their no transaction fee programs, and expenses either paid to or reimbursed from Gabelli & Company for distribution of the Funds. Expenses paid to third parties were $259,032 during the 2011 period, an increase of $44,783 from the prior year amount of $214,249. The arrangement between Teton and Gabelli & Company is that Teton will reimburse Gabelli & Company for any distribution costs in excess of Gabelli & Company's distribution revenues. Conversely, if the distribution revenues of Gabelli & Company exceed the costs, such excess is reimbursed to Teton. For the three months ended June 30, 2011 and June 30, 2010, Gabelli & Company reimbursed Teton $955 and $32,486, respectively, a decrease of $31,531. This decrease to Teton was due to one of the Funds ceasing reimbursements during the 2010 period as the cumulative amounts paid back by Gabelli & Company to Teton equaled the cumulative amounts previously reimbursed by Teton to Gabelli & Company.

Expense reimbursements to the Funds were $27,428 for the second quarter of 2011, a decrease of $32,915 from the prior year period amount of $60,343.

Other: General and administrative expenses, including those charged by GAMCO and incurred directly, were $158,144 for the second quarter of 2011, an increase of $32,210 from the year ago amount of $125,934.

Income Taxes

The effective tax rate was 35.6% for the quarter ended June 30, 2011, versus 33.8% for the quarter ended June 30, 2010.

Net Income

Net income for the second quarter of 2011 was $461,712 or $0.38 per fully diluted share versus $90,435 or $0.08 per fully diluted share for the 2010 period.

MANAGEMENT'S DISCUSSION OF OPERATIONS

The following discussion should be read in conjunction with the condensed financial statements and the notes thereto.

Revenues

Total revenues were $4,648,062 for the six months ended June 30, 2011, $1,951,419 or 72.4% higher than the total revenues of $2,696,643 for the six months ended June 30, 2010. The change in total revenues by revenue component was as follows:

	For the Six Months ended June 30,		Increase (decrease)	
(unaudited)	2011	2010	$	%
Investment advisory fees	$ 4,428,430	$ 2,696,311	$ 1,732,119	64.2%

Other income	1,634	332	1,302	n/m
Total revenues	$ 4,648,062	$ 2,696,643	$ 1,951,419	72.4%

Investment Advisory Fees: Investment advisory fees are directly influenced by the level and mix of assets under management ("AUM"). Teton earns advisory fees based on the average AUM in the Funds and the AUM at the beginning of the quarter for the separate accounts. Investment advisory fees were $4,428,430 for the period ended June 30, 2011 compared to $2,696,311 for the period ended June 30, 2010, an increase of $1,732,119, or 64.2%.

AUM were $1,009.3 million as of June 30, 2011, 73.9% greater than June 30, 2010 AUM of $580.4 million and 2.7% ahead of the March 31, 2011 AUM of $983.1 million. Average AUM were $948.3 million for the first half of 2011, 59.3% higher than the $595.3 million for the first half of 2010.

AUM increased to $1,009.3 million at June 30, 2011 from $819.8 million at December 31, 2010. This increase was due to market appreciation of $24.7 million and inflows of $293.3 million, offset partially by outflows of $128.5 million.

AUM increased to $580.4 million at June 30, 2010 from $560.5 million at December 31, 2009. This increase was due to inflows of $122.8 million, offset partially by market depreciation of $12.3 million and outflows of $90.6 million.

Distribution fees: Effective October 1, 2010, Teton began paying for the advanced commissions on Class C shares sold through Gabelli & Company. In turn, Teton earns a distribution fee on these Class C shares of Funds sold over the first twelve months after the sale. Distribution fees for the first half of 2011 were $217,998.

Other income: Other income includes interest income earned from cash equivalents that were invested in a money market mutual fund managed by Gabelli Funds, LLC, a subsidiary of GAMCO and interest received on an IRS refund. Other income for the first half of 2011 for interest earned from cash equivalents was $243, slightly lower than the $332 for 2010 due to lower interest rates in 2011 versus 2010. The remaining interest income for the 2011 period was $1,391 from an IRS refund.

Expenses

Sub-advisory Fees: Teton has currently retained a sub-adviser for three of the six Funds. Sub-advisory fees, which are 35% of the net investment advisory revenues of the sub-advised funds and are recognized as expenses as the related services are performed, were $268,906 for the first half of 2011, decreasing from $300,693 in the comparable prior year period. This decrease was primarily due to the 10.6% decline in investment advisory revenue from the three sub-advised Funds.

Administrative Fees: Administrative expenses, which are charges from GAMCO and paid by Teton for administration of the Fund activities performed by GAMCO on behalf of Teton, were $694,280 for the six months ended June 30, 2011, a 22.5% increase from $566,535 in the comparable prior year period. Effective January 1, 2011, the Company and GAMCO renegotiated the sub-administration contract to be based on a tiered formula as opposed to a fixed rate. Based on the tiered formula administration fees were approximately 12.6 basis points of the average AUM for the first half of 2011 versus 20 basis points of the average AUM for the first half of 2010. As AUM grow these fees will decline as a percentage of the average AUM.

Compensation: Compensation costs, which include stock based compensation, salaries and portfolio manager compensation, was $1,332,805 for the six months ended June 30, 2011, a 54.2% increase from $864,538 in the year ago period. Stock based compensation was $83,190 in both the first half of 2011 and 2010. Fixed compensation costs decreased to $324,208 for the first half of 2011 from $383,132 in the prior year period. The remainder of the compensation expenses represents variable portfolio manager compensation that fluctuates with net investment advisory revenues, which is defined as advisory fees less certain expenses. For the 2011 period, portfolio manager compensation was $925,407, an increase of $527,191 from the $398,216 in the prior year period. The primary driver of this increase was an increase in average AUM, which generates investment advisory fees, for the Funds in which portfolio manager compensation is based.

<u>Distribution costs and expense reimbursements</u>: Distribution costs, which are principally related to the sale of shares of open-end mutual funds, and expense reimbursements were $471,820 for the six months ended June 30, 2011, increasing $155,168 from $316,652 in the prior year period.

Distribution costs are broken down into two categories, payments made to third party distributors for Funds sold through them, including their no transaction fee programs, and expenses either paid to or reimbursed from Gabelli & Company for distribution of the Funds. Expenses paid to third parties were $402,939 during the 2011 period, an increase of $141,511 from the prior year amount of $261,428. The arrangement between Teton and Gabelli & Company is that Teton will reimburse Gabelli & Company for any distribution costs in excess of Gabelli & Company's distribution revenues. Conversely, if the distribution revenues of Gabelli & Company exceed the costs, such excess is reimbursed to Teton. For the six months ended June 30, 2011 and June 30, 2010, Gabelli & Company reimbursed Teton $1,547 and $60,594, respectively, a decrease of $59,047. This decrease to Teton was due to one of the Funds ceasing reimbursements during the 2010 period as the cumulative amounts paid back by Gabelli & Company to Teton equaled the cumulative amounts previously reimbursed by Teton to Gabelli & Company.

Expense reimbursements to the Funds were $70,428 for the first half of 2011, a decrease of $45,390 from the prior year period amount of $115,818.

<u>Other</u>: General and administrative expenses, including those charged by GAMCO and incurred directly, were $284,208 for the six months ended June 30, 2011, an increase of $61,027 from the year ago amount of $223,181.
